**Toho Tenax Europe Selected to Supply Carbon Fiber
for Bombardier CSeries Aircraft Program**

Toho Tenax Ltd, the core company of the Teijin Group's carbon fiber business, announced today that its European division, Toho Tenax Europe GmbH, has been awarded a contract to supply carbon fiber material for major primary and secondary composite structures on Bombardier's new CSeries aircraft program. Toho Tenax will be supplying a variety of carbon fiber types for both dry textile and prepreg use on the program. Toho Tenax expects the award to generate revenues of approximately €130 million over the next ten years.

Bombardier is a world-leading manufacturer of innovative transportation solutions, from commercial aircraft and business jets to rail transportation equipment, systems and services. The CSeries aircraft sets a new benchmark in the 100- to 149-seat class, combining advanced materials, and leading-edge technology to meet commercial airline needs from 2013 onwards.

Bombardier Aerospace has chosen Toho Tenax's advanced carbon fiber materials to support this aircraft program because the latest Tenax® carbon fiber materials meet the aircraft's advanced design requirements and support Bombardier's newly developed high-tech manufacturing processes.

Bombardier and CSeries are either registered or unregistered trademarks of Bombardier Inc. or its subsidiaries.

###

About Toho Tenax

Toho Tenax is the core company of the Teijin Group's carbon fibers business. The Toho Tenax Group is a leading carbon fiber manufacturer worldwide with an annual production capacity of 13,500 tons in Japan, Germany and USA.
